

Better hearing means better overall wellness

MAY is Better Hearing & Speech Month

Dear {Name},

Now is a perfect reminder to take care of your hearing health. A baseline hearing exam is essential in promoting healthy hearing. It can help detect hearing loss early enough for your provider to treat it successfully, preventing or reducing the likelihood of physical, mental and social health complications from affecting your quality of life.

As part of Better Hearing & Speech Month, we're encouraging you to be more aware of your hearing health.

Join us for our Healthy Hearing Special
Event for a Free Listening Demonstration
3 Days Only • May 11th – 13th, 2021

We are excited to demonstrate how this new technology can enable you to get the most out of life and happy to answer any questions you may have. We promise you'll be impressed!

Experience new Oticon More™ hearing devices risk-free. Test drive this new technology at home, work and play!
